So the previous question was ordered.
The result of the vote was announced
as above recorded.

The SPEAKER pro tempore. The
question is on the resolution.

The question was taken; and the
Speaker pro tempore announced that
the ayes appeared to have it.

Mrs. LESKO. Mr. Speaker, on that I
demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. This is a
5-minute vote.

The vote was taken by electronic de-
vice, and there were—yeas 226, nays
196, not voting 8, as follows:

[Roll No. 651]

So the resolution was agreed to.

The result of the vote was announced
as above recorded.

A motion to reconsider was laid on
the table.

COMMEMORATING THE 75TH ANNI- VERSARY OF PEACEFUL ZION BAPTIST CHURCH

(Mr. PAYNE asked and was given
permission to address the House for 1
minute and to revise and extend his re-
marks.)

Mr. PAYNE. Madam Speaker, I rise
today to commemorate one of my dis-
trict's most venerable churches. This
year marks the 75th anniversary of the
Peaceful Zion Baptist Church in East
Orange, New Jersey.

It has been known as a sanctuary for
those in need throughout that time. It
runs a food pantry for those in need of
a meal. It provides clothing for those
who could use a warm coat or socks.

The community of Peaceful Zion is
so strong that members have been
known to bring food to ailing families.
One of its members said: "Everyone is
there for one another."

Congratulations to Peaceful Zion
Baptist Church on its 75th anniversary.
They are a blessed beacon of loving
care in my 10th District in New Jersey.

YESTERDAY'S IMPEACHMENT HOAX

(Mr. RUTHERFORD asked and was
given permission to address the House
for 1 minute and to revise and extend
his remarks.)

Mr. RUTHERFORD. Madam Speaker,
this morning, Speaker PELOSI an-
nounced that yesterday's hearing in
the Judiciary Committee will, with
"leading American constitutional
scholars," give Congress no choice—no
choice—but to impeach the President.
But let's take a look at who exactly
testified at yesterday's impeachment
hoax.

Professor Karlan donated over \$12,000
to liberal Democrat politicians, went
after the President's 13-year-old son,
and she can't even walk past the
Trump Hotel without having to cross
the street.

Professor Gerhardt donated thou-
sands of dollars to former President
Obama and Hillary Clinton. He also
worked against Justice Kavanaugh
during his nomination process.

Professor Feldman called for the
President's impeachment in 2017 based
on a tweet, just over a month into his
Presidency.

However, Professor Turley, who
voted against the President, had this
to say about the lack of evidence
against President Trump: "Impeach-
ments have to be based on proof, not
presumptions."

Abuse of power? Madam Speaker, an
impeachment with this fact pattern is
an abuse of power by the House of Rep-
resentatives.

DEMOCRATS ARE WORKING FOR THE GOODNESS AND GREATNESS OF THIS NATION

(Ms. JACKSON LEE asked and was
given permission to address the House

for 1 minute and to revise and extend her remarks.)

Ms. JACKSON LEE. Madam Speaker, we do have a very solemn responsibility to uphold the rule of law, but it is important to note that Democrats and the majority in the House have worked every day for the American people.

Among the 400 bills that we have supported are: H.R. 986, the Protecting Americans with Preexisting Conditions Act of 2019, legislation that I have consistently worked on for almost a decade; the Equality Act, which gives equality to all people; the Paycheck Fairness Act, to treat women fairly; the Climate Action Now Act and other legislation to recognize the crisis in climate change; national flood insurance, which my constituents in Texas are desperate for; directing the removal of United States Armed Forces from hostilities in the Republic of Yemen; and then, of course, a signature bill that I have written over a 2-year period, the Violence Against Women Reauthorization Act, which expands the rights of Native Americans and provides \$291 million for our law enforcement and prosecutors.

Finally, let me say, I was very proud to stand for H. Res. 183, condemning anti-Semitism as hateful expressions of intolerance, which are contradictory to the values and aspirations that define the people of the United States, and condemning anti-Muslim discrimination and bigotry against minorities as hateful expressions of intolerance.

We have been working on behalf of the American people. We ask the other body to work, but we are doing our job for the goodness and the greatness of this Nation.

PENNSYLVANIA'S 12TH CONGRESSIONAL DISTRICT'S ENERGY ECONOMY IS BOOMING

(Mr. KELLER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. KELLER. Madam Speaker, the energy economy of Pennsylvania's 12th Congressional District is booming, creating good-paying jobs and providing low-cost energy to thousands of families across the Commonwealth and our Nation.

As evidence of this, our district is happy to welcome Thailand-based natural gas company BKV to Pennsylvania's 12th Congressional District. Next week, BKV will be opening an office in Tunkhannock, Pennsylvania. They will join other natural gas companies in Pennsylvania's 12th Congressional District that are creating jobs, giving back to the community, and helping our rural district thrive with the resources right under our feet.

Pennsylvania's 12th Congressional District plays an important role in our national energy portfolio, producing between one-tenth and one-twentieth of the country's entire natural gas supply on any given day.

Energy produced in PA-12 lowers energy costs, creates an energy-independent United States, and allows our allies to no longer be reliant on energy resources from countries that do not share our values.

Natural gas companies have helped with community revitalization and in creating a robust economy of downstream jobs. The present and future of PA-12 is bright because of the natural gas industry, and, for the benefit of my community, our State, and our Nation, I will continue to support its growth and expansion in Congress.

STOP ROBOCALLS

(Mr. LIPINSKI asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LIPINSKI. Madam Speaker, robocalls, just mentioning them is enough to make anyone's blood boil.

Robocalls interrupt our time with family and friends, scam people out of their hard-earned money while spoofing numbers to make calls look local, and even clog up the phone lines of hospital emergency rooms. In 2018, Americans, collectively, received 48 billion robocalls.

I cosponsored legislation earlier this year to stop robocalls, and the House voted yesterday to pass the final version, which we expect to be signed into law.

The TRACED Act strengthens penalties and extends the statute of limitations on violations; it requires phone companies to authenticate where calls are coming from and help customers easily block them at no extra charge; and it requires continued work by the Federal Government to combat emerging robocall methods.

This is a clear win for the American people and shows what we can do here when we work together.

VIRGINIA SUPPORTS THE SECOND AMENDMENT

(Mr. RIGGLEMAN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. RIGGLEMAN. Madam Speaker, 40 Virginia localities have declared themselves "Second Amendment sanctuaries," resolving to support the Constitution and stand against infringements on the Second Amendment.

Across my district, thousands of citizens are rallying outside the meetings of their local government to show their strong support for the rights of gun owners.

Virginia has always been a cradle of constitutional rights. There is no divide between our rural and urban populations. All of us want to defend our rights as citizens of the United States of America.

I represent the same district that James Madison represented in the first Congress. He understood America's

rights to bear arms when he wrote it into our Constitution.

I am a strong supporter of the Second Amendment, and I am proud to stand with the people who are speaking up for their constitutional rights and for the Commonwealth of Virginia.

James Madison would be proud. I know I am.

12 DAYS OF SALT

(Ms. SHERRILL asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. SHERRILL. Madam Speaker, on the second day of SALT, my constituents have said to me that they send more money to Washington and get back less than almost any other State in the country. The SALT cap compounds the attack on New Jersey, forcing our residents to send even more money to Washington without a return on that investment.

For every dollar New Jersey sent to Washington in 2017, we got back only 82 cents. That puts us in 49th place, almost dead last in State return on Federal tax dollars. And this was before the Federal Government stripped the full SALT deduction.

Meanwhile, States like Kentucky got back \$2.35 for every dollar they sent to Washington. That is nearly three times what New Jersey gets.

The 2017 tax bill unfairly targets States like mine that pay more than their fair share. We fund projects in Kentucky and do not see that same investment, say, on things like infrastructure, for example, in our State.

We need to restore the SALT deduction cap and keep money in the pockets of New Jerseyans so we can continue to power the Nation's economy.

CONGRATULATING SANGAMON COUNTY'S WILLIAMSVILLE HIGH SCHOOL

(Mr. LAHOOD asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAHOOD. Madam Speaker, I rise today to congratulate Sangamon County's Williamsville High School, who, last week, won the Class 3A Illinois State football championship, the school's first ever.

On Friday night at Huskie Stadium in DeKalb, Illinois, the Williamsville Bullets rallied late in the fourth quarter to win a thrilling 46-42 game against Byron High School. With just 3 minutes remaining and Byron leading 42-39, the Williamsville defense stonewalled Byron to force a turnover. The Bullets then marched down the field, and junior quarterback Conor McCormick fired a game-winning touchdown to secure the State title.

The Bullets' offense set a 3A championship record with 550 yards of total offense. Wide receiver Brandon Bishop set a record for receiving yards with
